PULMONARY FUNCTION TESTING

- Patients are asked to contact our office at **683-4415** OR go online at **www.mdac-ca.com** to receive detailed instructions on which medications to hold prior to the test.

HOLTER/LOOP MONITORING

- Wear loose fitting clothing/short sleeve shirt on day of appointment.
- You will be required to wear the equipment for approximately 24 to 72 hours or 2 weeks.
- Your return time will be given to you when you receive the monitor.
- No bathing or showering while wearing the equipment.
- Do not sleep on a water bed or under an electric blanket for the duration of the test.
- If you work around airport security equipment, high power lines, transformers, or climb hydro poles, please arrange to perform other duties for the time you are wearing the monitor.

STRESS TESTING

- Do not drink any caffeinated beverages on the day of your test, or your test may need to be rescheduled.
- Bring clean running shoes, as you will be exercising on a treadmill.
- Wear comfortable clothing, including a short sleeve t-shirt.
- If you are prescribed the medication Metoprolol (Lopressor/Toprol XL) or Bisoprolol (Zebeta), do not take 24 hrs prior to testing. (Skip the dose the night prior and morning of the appointment)

MEDICATIONS

- Bring a list of medications to all appointments.
